from the best bank for business

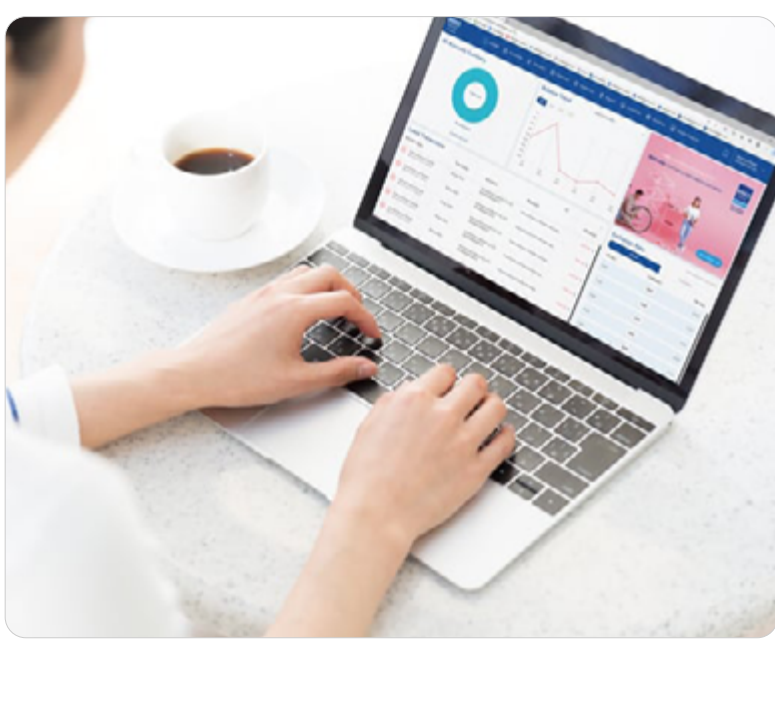

- Free payroll processing
- Easy-to-use online system
- Full benefits package for your staff

RICHREAY

By BRED Bank Cambodia

Give your staff the benefits they deserve

As anyone who employs staff will confirm, running payroll can be complicated. It's an important job and it's vital that you get it right first time, every time. That's why we offer exceptional payroll systems through our state-of-the-art BRED Business Connect platform.

Easy payroll processing

With the BRED Business Connect online platform, it's easy for you and your team to set up payroll payments – either using lists built from individual staff profiles or by **uploading pre-completed lists from our templates**.

These instructions can be made by authorised members of staff and checked and approved by a specified approver – for example a business owner – before the payments are processed and delivered at the specified date and time. It's an easy process and full training is provided by our team.

Make your staff happy

While paying the wages accurately and on time is vital, we believe that there should be much more to a great payroll service than that. That's why we created 'Richreay' – our staff benefits package which can add real value for every member of your team.

Richreay is all about giving your staff the financial products and services they need to progress in life. From a great, international-standard account package to great value home loans and other personal lending, easy access to credit cards and overdrafts as well as excellent returns on long-term savings, we provide a **complete personal finance service** – and back it up with individual advice and support from their own Relationship Manager.

All the onboarding and training you need

We'll also tailor the onboarding process to meet your requirements and provide the staff training your team needs to operate the payroll functions within our convenient BRED Business Connect online banking platform.

The right solution for you

Why not find out more about our exceptional payroll solutions? Our dedicated team will be delighted to discuss your requirements and create a plan to upgrade your payroll provisions. Just get in touch with us today!
